

## **Supply Chain Manager - Columbus, OH**

The position is for a Supply Chain Manager with experience in the food markets. The ideal person will have a manufacturing background, supply chain experience, purchasing and overall understands the food business. The location is in the Columbus area and compensation is "open" to discuss at this point, dependent on where the person is now.

Please let me know if you would like to hear more or have any referrals. If interested please send your resume to:
