

DISPATCHER

A Cincinnati based transportation company that has grown from \$3M to \$7M to \$13M in the past three years is seeking a career minded Dispatcher to work exclusively with a key account. This client has grown from \$2M to \$4M in one year. This Dispatcher role is very important to the growth of this company. How fast do you want to grow your career? They expect to be a \$150M company in 5-7 years and are looking for an individual who will help fuel this growth. This is the best career opportunity I have seen in a while!
