

QUALITY MANAGER

Location Cincinnati

Base Salary \$70K to \$80K

A major manufacturing company here in Cincinnati is seeking a strong Quality Manager to put his/her stamp on their Quality initiatives. They want you to bring your own ideas and initiatives to the table. Successful candidate will have an Aerospace background along with a strong understanding of nadcap and AS9100. This job will operate in a tooling and Lathe environment. Very strong career opportunity. Company is on a very solid growth curve.
