

## **EQUIPMENT MANAGER (SR. LEVEL)**

An extremely profitable provider of food products is seeking a strong Capital Equipment Manager for their facility near Dayton, Ohio. This industry giant is experiencing such record growth, they are retooling all 7 US facilities. This is a permanent position with tremendous career growth potential. The successful candidate will be purchasing from a projects budget. Production and processing equipment, packaging, piping steel and utilities will come under this person's umbrella.

Senior level position. Pays that way.
