EXPERIENCE

Captain, Logistics, U. S. Army

- Captains Career Course Graduate

09/2010 to Present

Safeway Store Manager

Dunkirk, Maryland

Served as a Store Manger in training for 8 months, responsible for learning all functions of managing a multimillion dollar operation. Directly responsible for managing over 100 employees, and 8 department managers, and overseeing all daily operations. Responsible for a rolling inventory of over 340 thousand dollars of product.

- Maintained all payroll activities for over 100 employees, ensuring the store doesn't exceed payroll.
- Directly forecasted all weekly sales, and directly planned for the proper amount of employee scheduled hours, to ensure the store stays under the salary guidelines.

09/2009 to 09/2010

Battalion Logistics Officer

Fort Sill, Oklahoma

Direct supply office activities of six employees and four supervisors; request and process individual, organizational, installation, and expendable supplies and equipment; and maintain 100% accountability for inventory valued at \$150M+ under standard property book system (SPBS) in six property books.

- Maintained and managed a property book valued at \$150 with zero property loses.
- Coordinated, managed, supervised, and tracked the shipment for 100 pieces of equipment being shipped overseas.

09/2008 to 09/2009

Battalion Operations Officer

Fort Stewart, Georgia

Directed operations activity as top manager; position pivotal for success of a training battalion composed of hundreds of individuals in six companies. Developed and planned battalion's Live Fire Exercise. Improved shop workplace systems, resulting in greater school attendance, accomplishment of all battalion assignments, and enhanced productivity of daily operations.

- Chosen for superior management skills ahead of more than 10 senior battalion officers for a position normally assigned to a Major.
- Finished in 3rd out of 35 officers for the Brigade Best Officer Competition while concurrently leading battalion operations.

03/2008 to 03/2009

Company Executive Officer

FOB Kalsu, Iraq

Directly supervised three entry-level support staff and three team leaders. Oversaw all functions of Operations and Training, including management of the company's maintenance program; supervision of company-level operations, administrative functions, supply activities and training room management; and operation of the company arms room, NBC room, and communications.

- Prepared, coordinated, and executed change of command inventories providing 100% accounting of equipment valued at \$53M.

- Led company maintenance program to achieve operational readiness rate of 95%+ while Army standard is 90%.

03/2007 to 01/2008

Military Transition Team (MiTT) Log Advisor

FOB Kalsu, Iraq

Served as logistics advisor for an Iraqi infantry battalion; coached, mentored, taught, and guided Iraqi logistics officers on all aspects of supply and administration to facilitate the world-anticipated return of the host country to autonomous operations.

- Served as supply officer for 34-members, ordering and tracking \$14M+ of supplies. Planned, coordinated, and directed 25+ aerial sling-load deliveries.
- Personally led 40+ convoys, carefully planning the missions to minimize the number of trips; consequently reducing exposure of assigned personnel to war zone hostility.

12/2005 to 01/2008

Distribution Platoon Leader

Fort Stewart, Georgia

Ensured adequate and suitable supplies for mission requirements or life support, such as ammunition, food, water, building materials, and vehicle replacement parts while directing, supervising, and evaluating the performance of 14 supervisory and 35 entry-level personnel carrying out assigned tasks in direct support of six companies.

- Personally led over 100 logistics convoys through a combat zone without loss or damaged to supplies or equipment.
- Developed Deployment Equipment List, ensuring the marking, inspecting, and loading of 150+ vehicles and 22 containers prior to deployment; then served as battalion movement officer to facilitate transportation. Completed relocation without loss, damage, or incident.

ADDITIONAL:

- Graduated from Captains Logistics Career Course
- Certified in Unit Movement Operations
